It's time to unite Scouts! The world has been thrown into chaos and now we must survive the harsh, sporadic climate or risk extinction. Leave the luxuries at home and come show off your survival skills by competing in activities designed around a Post-Apocalyptic Theme. Be prepared! The water's toxic, and the air is polluted. Here at the Wasteland, you'll learn negotiation skills: a crucial part of survival. Units are expected to bring their own food, tents, supplies, and a sense of adventure!
