Junior Shoot Program

This program meets the requirements for the Boy Scouts of America's Rifle merit badge and is run by trained and registered BSA merit badge counselors. Shooters can work on their shooting portion of the Rifle Merit Badge. (Due to time constraints, it is recommended that the non-shooting portions of the rifle merit badge be completed prior to the shoot.)

Shooters will have the opportunity to earn levels of competency in the NRA Marksmanship Program (*light rifle category*). This program provides incentive awards for developing and improving marksmanship skills. Performance is measured against standards established by the Marksmanship program and any shooter who meets or exceeds the standards receives corresponding recognition awards for that rating.

Award packet includes a certificate of achievement for the corresponding level achieved as well as a medal. This NRA marksmanship medal is the only Non-BSA medal that may be worn on the scout uniform.

The range also has camping facilities including a camping area, covered picnic area, Porta-Poty's, Charcoal BBQ grill and fire pit (usage subject to local fire warnings).
