PG&E Education Center
6588 Ontario Rd, Avila, CA

9:00 AM to 1:00 PM

***Pacific Gas and
Electric Company®***

1-6801-049-20.

Prepared. For Life.®

Greetings Scouts

PG&E is excited to offer the Electricity Merit Badge.

You will enjoy a day of interactive presentations and activities for this event, so bring your enthusiasm and curiosity as we explore the world of Nuclear Science.

When we've completed our time together, you should be able to go back to your school classrooms and pass along all the knowledge and excitement you've learned here.

We will use the Electricity workbook (revised 2013) located at:

http://meritbadge.org/wiki/index.php/Merit_Badge_Worksheets

We will review and complete most of the requirements for the Nuclear Science Merit Badge at the **PG&E Education Center, 6588 Ontario Rd, Avila, CA** during your visit. So, there is no need to complete the workbook prior to the class unless you want a better understanding of the class material (except for Section 4).

There are some items **you will need to complete prior to arriving** at the PG&E Education Center Electricity Workshop:

- 1) Bring your filled-out BSA merit badge blue card with you**
- 2) Complete requirements 2 and 8 of the Electricity Merit Badge for discussion at the workshop.**

Please use this to worksheet for requirement 2- home inspection check list.
