Information for those running the Midway Booth/Activities

2013 Jamboral Sept. 27-28 • Deseret Peak Facility, Tooele UT

Regardless, if this is your first time running a booth/activity or if you have 20 years of experience, we will help you be successful in running a booth/activity that will be fun for all. We have listed several steps that you can follow to help you along the way. We have an experienced Jamboral staff that can provide ideas and assistance.

Steps to running a successful booth/activity at the 2013 Jamboral.

- 1) Know the physical limitations of the space provided.

 - c. Lighting Friday night after dark is very good for a parking lot.
 - d. Electrical power is available for 10% of the booths, but limited to 2 amps
 - e. There is nothing separating your booth or activity from the booth next to you unless you bring it.
 - f. There is a special parking area next to the Midway Events for you to park your vehicle and or store any supplies you need.
 - g. You may camp with your district or there is limited camping room right next to the Midway Events. To request a nearby campsite email ruth@gledhills.com.
 - h. If you want a table and chairs you need to provide it
